

J A V E L I N

Javelin J230i Single-Sided ID Card Printer

The latest Javelin card printer range now consists of just two base models: J230i (for single card feeding)

Both models print either in color or monochrome, and a flipper is available for dual-side printing.

These new Javelin card printers are reliable, compact and easy-to-use, delivering outstanding performance at a great price.

Boasting a full range of encoding options, they are an economic, reliable solution for almost every card printing and encoding need.
